**SUBJECT**

Extension of the period of deputation of the Director of Public Health for attendance at meeting of the Regional Committee of World Health Organisation of Ceylon.

No. S 661-62/CB 129-59-1

D. 20. 7. 58

To

The Director of Public Health

The Accountant General.

Secretary's ——

Conference of Heads of Public Services at Ceylon.

Memo no nil of 16/11/50 from the Regional Director, W.H.O. New Delhi forwarding a copy of letter of 16/11/50 addressed to the Ministry of Health stating that the period of two days fixed for the Conference of Directors of Public Health would be inadequate, it is suggested that the period be extended by one additional day to make it 3 in all.

Part I
P&I 143-49-3

1) The Regional Director, W.H.O. New Delhi had, in his letter of 24/10/49, suggested that a meeting of the Regional Committee was scheduled to be held in Sept 1950 in Ceylon & that the Directors of Public Health of various Provinces, States would be attending the meeting. Cooperation from State Govt was expected

Flag A

2) Accordingly orders were issued deputing the Directors of Public Health to attend the meeting of the Regional Committee to be held held at Ceylon for two days in Sept 1950. The Regional Director & the Ministry of Health were also informed of the action taken.

Regional Directr. addressed to the Ministry of Health it may be seen that the period of two days has been extended by one day more. That means the period of deputation of the D.P.H has to be extended by one day ~~for~~ more. Cost on this account has to be met by ~~State~~ Govt & the same was accepted ~~by them~~ previously. For orders. Financial Concurrence is necessary.

3) Secondly it is seen that Ceylon Govt are providing the necessary facilities ~~to~~ and transport for a 4 days tour for visiting several institutions as noted in para 2 of the letter. If this suggestion is agreed to, certain ~~the~~ expenditure ~~for~~ ~~no~~ to be incurred in this connection has ~~also~~ to be borne by Govt. This is also for consideration & orders.

4) Send with reference. As the subject relates to the Health Dept. it is for consideration if the papers may be transferred to C.D. as per recent Circular for further action.

8) It is not clear from the letter of the Dir of W.H.O. whether the tour programme for four days proposed in his letter is exclusive of the 3 days set apart for the Conference or in addition to those days. Anyway it would be advantageous to visit those places making use of the opportunity. This would of mean payment of D.A. for 4 more days. Subject: Conference of Heads of Public Health Services

Sir,

With reference to our letter No. SEA-CL-2 dated October 24, 1949, in which it was mentioned that the Conference of Directors of Public Health would be for 2 days, it is now felt that this period would be inadequate for a full consideration of the subject to be discussed viz. the General Programme for South East Asia for the period 1952-1955. It is, therefore, suggested that the period be extended by one additional day to make it 3 in all. I trust this extension by one day will not cause any inconvenience.

Further, the Government of Ceylon propose providing the necessary facilities and transport for a 4 days tour for the visiting Directors to give them an opportunity of seeing something of the country and of the medical and health institutions there. The proposed itinerary is as follows:

Ist day- Kalutara Health Unit and anti-filariasis work, Dehiwela.

2nd day- Colombo-Negombo-Chilaw-Puttalam-Anuradhapura(lunch).
If time permits- Anuradhapura-Minneriya-Polonnaruwa(for the night.)
If time does not permit- stay over at Anuradhapura.

3rd day- A.M.
Polonnaruwa via Sigriya and Dambulla to Kurunegala.
or
Anuradhapura-Dambulla-Kurunegala.

P.M.
Kurunegala-Kandy-Colombo.

4th day- A.M.
Visits to Welisara Hospital and Hendala Leper Asylum.

P.M.
Visits to medical institutions in Colombo.

NOTE:- Opportunity would be taken to visit:
Provincial Hospitals, District Hospitals; Rural Hospitals, Rural Maternity Homes, Rural Dispensaries; Work of M.O.H., P.H. Nurses, Sanitary Inspectors and midwives; Anti-malaria work, anti-filariasis work and colonization schemes; in addition to seeing the ruined cities of Ceylon through which the tour would be conducted.

I shall be glad if the Directors of Public Health who would like to avail themselves of the opportunity of this tour would signify whether they would join it or not.

Sir,

I write to inform you that Government in their order No.M.3228-29/PH 13-50-2 dated 20th May 1950 have sanctioned my deputation to Ceylon to attend the meeting of the Regional Committee to be held in September 1950. A communication has now been received (copy enclosed) from the Regional Director, World Health Organization, New Delhi, intimating that as the period of two days fixed for the meeting would be inadequate for a full consideration of the subjects to be discussed, it is suggested to extend the period by one additional day. On the 4th day, visits to the Welisara Hospital and Hendala Leper Asylum and some Medical and Public Health Institutions in Ceylon have been proposed.

I wish to avail myself of this opportunity to study the work that is being done by the Medical Officers of Health, Public Health Nurses, and Sanitary Inspectors and Midwives; and the Anti-Malaria works that are being carried on in the country.

I request you to be so good as to obtain and convey orders of Government sanctioning my stay in Ceylon during the whole period that the Regional Committee has arranged the programmes.
